PRODUCT DESCRIPTION

Designer: Arne Jacobsen

Louis Poulsen AJ Eklipta Outdoor Wall Light

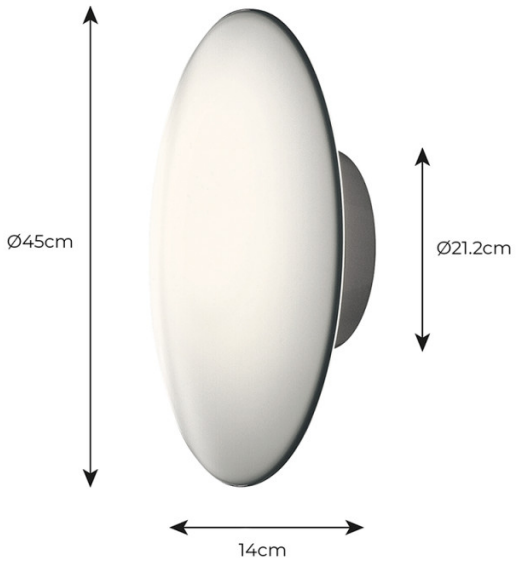

Designed by Arne Jacobsen, the AJ Eklipta Outdoor Wall Light was first created for the Rødovre Town Hall in 1959. A versatile and simplistically chic light, the wall lamp is made from an aluminium structure and a white opal glass diffuser. The glass lampshade creates a welcoming and warm glow that will create a beautiful atmosphere in any exterior.

The AJ Eklipta Outdoor Wall Light can be used in patios, terraces, entrance ways, gardens and more. Whether needed as a welcome home light by the door or as a main light in a courtyard, this outdoor wall lamp will not disappoint and will create a stylish aesthetic wherever it is used.

Please Note: While this product can be mounted on the ceiling as well as a wall. When mounted on the ceiling, it is not as protected from dust and water as it is when mounted on the wall. Therefore it has a rating of IP20 instead of the listed IP44.
