PRODUCT DESCRIPTION

Designer: Diesel Creative Team

Fork Pendant Light by Diesel Living with Lodes

The Fork pendant got its name from the metal structure that holds the linen cotton diffuser like a fork. The pendant was inspired by casual fashion and lifestyles, with the lampshade being reminiscent of camping tents because of the subtle colour finishes and the fabric material.

The Fork pendant lamp is available in either a **grey or ivory diffuser** which is held by either an **anthracite or ivory metal structure** and has a **black ceiling canopy included.** The pendant light is also available in either a small or large size so you can find the right size for your space. The lampshade can rotate around 360° allowing for a directable glow that is effective and warm. The pendant is also dimmable so you can create the perfect ambience for your interior. A modern and stylish pendant lamp that will suit many settings!

The small size of the Fork pendant light is available to purchase with a chrome or a white ceiling canopy. It is also suitable for creating a cluster suspension when bought in multiple and with a cluster ceiling canopy available from Diesel Living with Lodes. Please contact us to find out more information.
