Designed by Arturo Bellese in 2018, the Righello pendant is made from fabric and metal, creating an interesting aesthetic that is pleasing to the eye. The pendant light has an integrated LED light source which emits an upward and downward glow. This makes the suspension perfect as a main light in a room, as well as hung over tables.

The look of the Righello pendant lamp makes it perfect for professional spaces and offices but can also be well utilised in the home. Available in a beautiful yellow finish, this pendant will not disappoint and will cater to all your needs.
