PRODUCT DESCRIPTION

Designer: Ferruccio Laviani

Geen-A Floor Lamp by Kartell

Designed by Ferruccio Laviani, the Geen-A floor lamp is a new 2021 release from the Kartell brand. Made from polyester powder-coated steel, the floor lamp has a modern and contemporary aesthetic, defined by clean and simple shapes. The domed lampshade helps the light to be distributed evenly and directs the glow downwards.

Available in white, black and red, the Geen-A floor light is ideal for use as a reading or task light. A wonderful addition to any space, this floor light will work wonderfully in lounges and offices and will provide much-needed illumination whilst also creating a warm ambience.
