PRODUCT DESCRIPTION

Designer: Sir Kenneth Grange

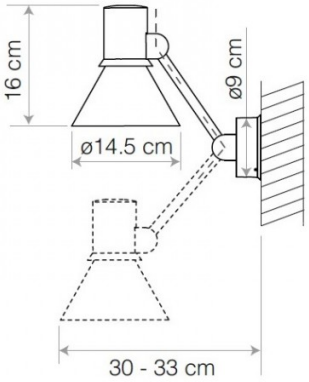

Anglepoise Type 80 W2 Wall Light

The Type 80 W2 Wall Light was created by iconic British designer Sir Kenneth Grange. As part of the **Type 80 Collection**, W2 brings all the beauty and finesse of the series with added functionality. This reimagining features a longer arm and joints located at the wall sconce and lampshade, for an adjustable frame that can be easily moved as required.

The Type 80 W2 Wall Light is defined by its conical shade, which gives the lamp its distinctive silhouette. A gap between the sections on the shade creates a halo light effect for an atmospheric glow. The combination of practical and ambient lighting makes the Type 80 W2 suitable for use in a study, living room, and bedroom. Available in two versions, the W2 can be purchased with a cable and plug or as a hardwired version. The soft, understated finishes give the lamp a warm and understated presence that blends seamlessly into residential and commercial interiors.

PRODUCT SPECIFICATION

Light Source:	1 x Max 6W E27 LED (Included)
