PRODUCT DESCRIPTION

Designer: Ludovica & Roberto Palomba

Artemide Arrival LED Table Lamp

The Artemide Arrival Table Lamp was designed by Ludovica + Roberto Palomba. Made from aluminium, the table lamp has a sculptural silhouette as three branches leave one origin to meet back again in a graceful loop. The light source is fitted discreetly into each arm, creating a beautiful illumination that fills the room well.

The Arrival Table Lamp is available in a wonderful gold finish, which is both elegant and sophisticated, and easily adapts to a range of contemporary interiors. Arrival can be used on tables, desks and side tables to provide a warm glow and is a calming addition to living rooms, dining areas and even bedrooms. The lamp also has a touch dimmer, allowing you to easily personalise the lighting output and create an ambience perfect for you, whilst the design draws the eye and creates an interesting dynamic in any space.

Please Note: The Artemide Arrival Table Lamp is also available in a black finish. Please contact us for more information and pricing.
