PRODUCT DESCRIPTION

Designer: Luca Nichetto**Aile LED Wall Lamp by Lodes**

Designed by Luca Nichetto, the Aile wall light takes its name and shape from ailerons that are usually seen on sports cars. Made from aluminium, the wall lamp has a lightweight and streamlined design that has a dynamic and clean look. The size of the wall light also makes it very versatile and can be used in a wide variety of interiors.

The Aile wall lamp is available in 4 finishes and provides a powerful glow that emanates upwards and outwards. The diffused nature of the light means it can be used for a bright illumination or a cosy ambience and with dimmable capabilities, you can create the exact atmosphere you need in your space. Use in offices, homes or professional settings for a sleek and subtle lighting solution.
