PRODUCT DESCRIPTION

Designer: Nemo Studio

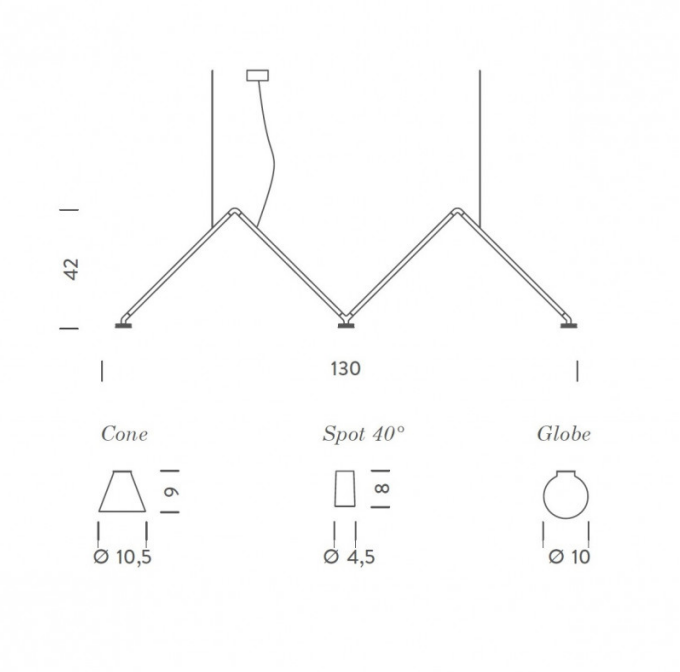

Nemo Lighting Dabliu LED Suspension

Crafted from aluminium, the Nemo Lighting Dabliu Suspension features a slim, angular structure with three light points. Its generous size creates a striking feature, while its slender frame avoids causing a visual block for a lightweight look. The linear silhouette suits contemporary interiors, adding a sculptural focal point, even when not in use.

The Dabliu Suspension is available with three shade options: Globe, Cone, and Spot 40°. The Spot 40° version offers bright, functional lighting, directing a beam of light downwards. The Globe and Cone shades create a softer, ambient glow, diffusing a warm, even spread of light. Display in residential environments, commercial spaces, and offices for a modern lighting solution that perfectly blends form and functionality.
