PRODUCT DESCRIPTION

Designer: Arihiro Miyake

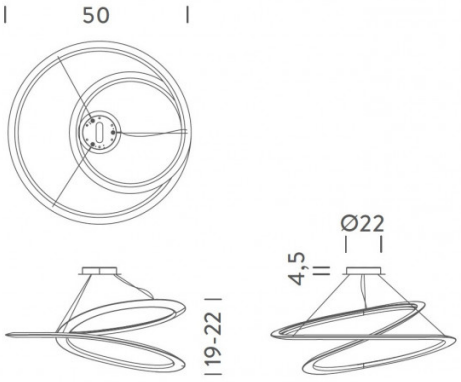

Kepler Petite LED Pendant Light by Nemo Lighting

The smaller version of the Nemo Lighting Kepler LED pendant, the Kepler Petite LED pendant has a design that is inspired by the principle of the Moebius strip. With a geometric and stremalined aesthetic, this pendant light has an integrated LED light source which produces a downlight.

The Kepler Petite pendant lamp is made from extruded aluminium, available in 3 colour finishes, black, gold or white. This pendant can be used in homes and professional settings, being perfect for lounges, dining rooms, reception rooms and many other interiors. Use in multiple for larger rooms or use alone for a smaller space to provide an effective illumination.
