PRODUCT DESCRIPTION

Designer: Charlotte Perriand

Potence Pivotante Mini Wall Light by Nemo Lighting

The mini version of the Potence Pivotante wall light, this wall lamp is defined by a simple black structure that sits perpendicularly from the wall. The arm reaches out and can rotate around 180 degrees so you can direct the light where you need to.

The Potence Pivotante Mini wall lamp is perfect for many interiors, with its minimalist and classic aesthetic looking iconic in any room. The exposed bulb allows for a soft glow and makes this wall light wonderful as a task/reading light and an ambient light.
