PRODUCT DESCRIPTION

Designer: Le Corbusier

Lampe de Marseille Mini Wall Light by Nemo Lighting

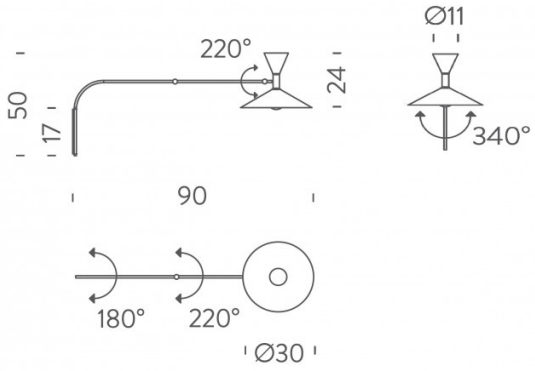

The mini version of the Lampe de Marseille wall lamp, the Lampe de Marseille Mini wall light was designed by the iconic Le Corbusier. Often seen as an innovator of his time, Le Corbusier has had a massive influence on design over the course of the 20th century.

The Lampe de Marseille Mini wall lamp is characterised by a lampshade that has 2 light sources, with a smaller top and bigger bottom which both provide a warm glow. The arms and the shade of the wall light are movable and adjustable so you can direct the light where you need. A classic and chic light, this wall lamp is available in 3 lovely colours, matt black, matt grey and white wash.

The Lampe de Marseille Mini comes with a cable and plug with an on/off switch on the cable, so needs to be installed near a socket. Alternatively, you can remove the plug and wire into the mains electric with consultation from a qualified electrician.
