PRODUCT DESCRIPTION

Designer: Federico Palazzari

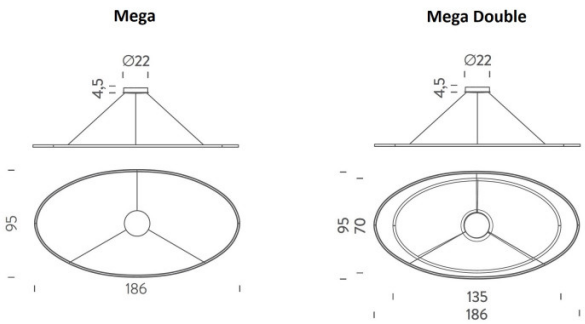

Ellisse Mega LED Pendant Light by Nemo Lighting

The Ellisse Mega pendant is the largest pendant light in the Nemo Lighting Ellisse collection, and is available in the regular Mega version or in the Mega Double pendant version which has 2 rings. The regular Mega pendant lamp is available with the choice of either an uplight or downlight glow, whereas the Mega Double pendant light provides both a downlight and an uplight.

The Mega Double and the Mega pendant lamp are both available in 3 colours, white, black or gold painted, and would be a stylish addition to any interior. The large size makes it perfect for use as a main light or you can mix and match versions and colours in larger spaces to make an impact. The integrated LED light source is effective and warm and will be a wonderful lighting solution for both domestic and commercial settings.
