PRODUCT DESCRIPTION

Myos Outdoor LED Floor Spotlight by Astro

The Myos outdoor floor lamp is a minimalist and simple light that has a directable lampshade to cast a spot light wherever you need in your exterior. The Myos light has a base that can be stuck in the ground and can also be purchased with extension poles so you can adjust the height. The shade can be rotated around 90° and has an integrated LED light source for a long-lasting and effective glow.

The Myos LED outdoor spot light can be used in a wide variety of exteriors, whether you want to light a pathway or line your garden. This floor light is both functional and stylish and will provide an effective and atmospheric glow wherever it is installed.

This light is also dimmable when used with a compatible driver.
