Astro Hashira Wall Light

The Astro Hashira Wall Light is a contemporary wall light with a faceted form inspired by neoclassical architecture. Its aluminium body gives it a strong architectural profile, while the up-and-down light output creates defined pools of illumination on the wall. The shadows cast by the light echo the angular shape of the fitting, giving the surface around it more depth and structure.

Available in Matt Black, Matt Gold, and Matt Nickel, the Hashira Wall Light gives a choice of dark, warm, or cooler metallic finishes. Its narrow vertical shape keeps it tidy on the wall, making it a good option for hallways, bedrooms, lounges, and hotel rooms where you want a decorative wall light that does not feel too bulky.

Hashira uses two GU10 lamps, sold separately, and is dimmable when paired with compatible dimmable bulbs. Designed for interior use, it can also be installed in bathroom zone 3, and the push-fit terminal block supports loop-in and out wiring with terminations made within the backplate.

Best suited to hallways, bedrooms, lounges, hotel rooms, stairways, and bathroom zone 3 wall lighting.

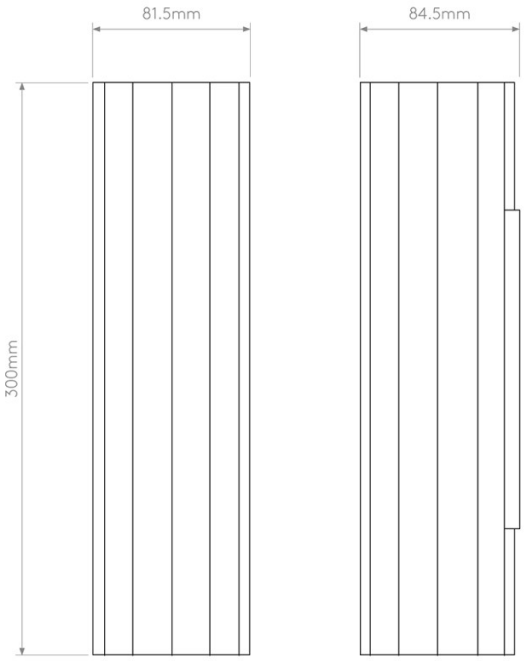

PRODUCT SPECIFICATION

Light Source: 2 x Max 6W GU10 LED (Excluded)

IP Code: 20

Dimming: Dimmable via mains phase dimming.

Dimensions: Shade: Ø8.15cm
Height: 30cm
Depth: 8.45cm
