### PRODUCT DESCRIPTION

**Designer:** Astro Design Team

### Astro Hashira Wall Light

The Astro Hashira Wall Light is a contemporary wall light with a faceted form inspired by neoclassical architecture. Its sculptural aluminium body gives it a strong architectural presence while still feeling restrained enough to sit comfortably within a wide range of interiors. By casting light both upwards and downwards, Hashira creates a balanced wash of illumination along the wall, while the shadow created echoes the angular form of the fitting itself.

Available in Matt Black, Matt Gold and Matt Nickel, Hashira can either add contrast or blend more quietly into an interior scheme depending on the finish you choose. Its slim proportions and vertical orientation make it especially well suited to hallways, lounges, bedrooms, hotels and commercial interiors where decorative wall lighting is needed without adding visual clutter.
