### PRODUCT DESCRIPTION

**Designer:** Astro Design Team

### HAstro Hashira Pendant Light

The Astro Hashira Pendant Light is a contemporary pendant with a faceted form inspired by neoclassical architecture. Its sculptural aluminium shade creates a distinctive silhouette, while the downward light output casts a defined pool of illumination and subtle shadows that echo the shape of the fitting itself. The result is a pendant that feels both decorative and architectural without becoming overbearing.

Available in Matt Black, Matt Gold and Matt Nickel, Hashira can be used to either introduce contrast or sit more quietly within an interior scheme. Its slim proportions make it particularly effective over dining tables, kitchen islands and counters, while multiple pendants can be used together to create a more rhythmic lighting arrangement in larger residential or commercial spaces.
