PRODUCT DESCRIPTION

Designer: Omer Arbel

16 Series Tree Outdoor Floor Light by Bocci

The 16 Series Tree exterior floor lamp is made from a steel structure which branches out to glass leaves that hold LED light sources. The shades are created by pouring three layers of molten glass on a horizontal plane, with each layer being one-of-a-kind as they interact with each other.

The 16 Series Tree outdoor light is available in 4 shade colours, grey 1, grey 2, white 1 and white 2 and comes in several configurations with either 10, 15, 20, 25, 35 or 40 individual lampshades. The Series 15 Tree is suitable for outdoor use and has a base which needs to be anchored into the ground for structural integrity. The Tree lights provide a beautiful and unique lighting solution in exterior spaces and look particularly wonderful when bought in multiple in different sizes to create a forest look.

PRODUCT SPECIFICATION

Light Source: Max 1W 2700K G4 LED (included)

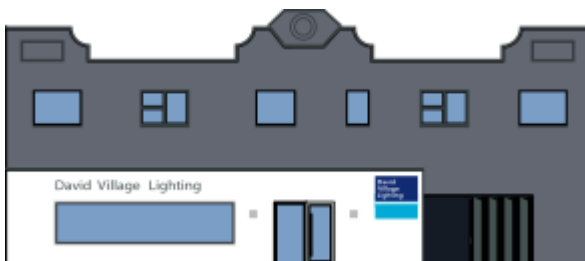

IP Code: 56

Dimming: Non-dimmable
