PRODUCT DESCRIPTION

Designer: Michael Anastassiades

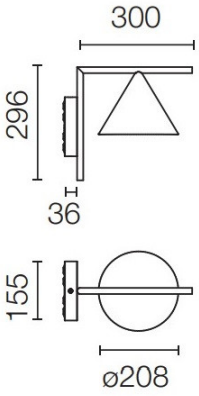

Flos Captain Flint Outdoor LED Wall Light

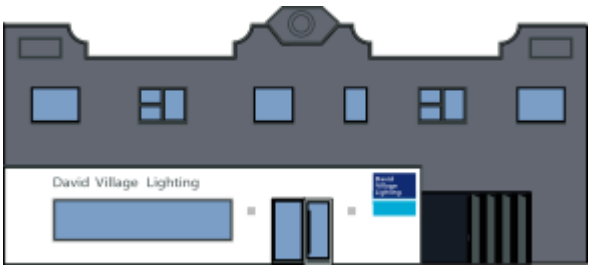

The Flos Captain Flint Outdoor Wall Light is part of the **Captain Flint collection**, a range defined by simple and geometric lines. The structure consists of a straight rod that holds a conical lampshade, seemingly dangling it in mid-air. The shade is fitted with an opaline diffuser that allows the light flow to spread evenly and glow downwards, generating a warm and inviting illumination.

With an IP65 rating, the Captain Flint LED Wall Lamp is suitable for outdoor use, being wonderful in gardens, terraces, patios, doorways and many more for a perfect lighting solution. You can choose from 5 different finishes and the integrated LED is available in 3 colour temperatures, 2700K (Warmest White), 3000K (Warm White) and 4000K (Cool White).
