PRODUCT DESCRIPTION

Designer: Antonio Citterio

Flos Mile Washer Up & Down LED Outdoor Wall Light

The Flos Mile Washer Up & Down Wall Light has an IP rating of 65, making it suitable for interiors and exteriors and was designed by Antonio Citterio. A functional and minimalist light, the Mile Wall Light has a cuboid shape, available in 2 sizes, the smaller Mile 1 and the larger Mile 2. The structure is made from aluminium with a polycarbonate diffuser to create a warming glow, whilst the up and down light emission creates an evenly dispersed pocket of light.

The Mile Up & Down Wall Light is available in 7 colour finishes, offering you a wide range of options: grey, black, white, primer, deep brown, forest green or anthracite. The primer finish allows the user to paint the wall light in whatever colour they like, whether they want to match the wall or create a contrasting design scheme.
