### Tom Dixon Beat Waist LED Pendant

The Tom Dixon Beat Waist Pendant is crafted from spun brass, with a black finish on the outside and brass on the inside, and generates a warm downward-directed illumination. The warm glow is a beautiful way to brighten up coffee tables, kitchen islands and dining tables - forming cosy pockets of light and creating an inviting ambience.

The Beat Waist LED Pendant Light has a gorgeous, sculptural design that will look amazing in a range of contemporary interiors, both residentially and commercially. You can display this pendant alone in small spaces, hang in multiples above tables or even mix and match with other pendants from the [Tom Dixon Beat Collection](#) for a varied yet consistent look.
