Tom Dixon Beat Stout LED Pendant

The Tom Dixon Beat Stout Pendant is a gorgeous and chic light with a curvaceous silhouette. This luminaire is crafted from spun brass in a black and brass finish. The integrated LED light source emits an effective illumination that reflects off the brass interior and also directs downwards, making it perfect for creating pockets of light and illuminating the surface below.

You can use the Beat Stout pendant light alone or in multiple for a functional and inviting glow, whether you need a light for your lounge or lights to hang over your kitchen counter. You can mix and match colours for variety or use just one for a more simplistic aesthetic, similarly you can combine the Stout Pendant with other luminaires in the **Beat Collection** to create inviting configurations.

Please Note: the newer version of the Tom Dixon Beat Stout Pendant offers a replaceable LED component.
