PRODUCT DESCRIPTION

Designer: Tom Dixon

Tom Dixon Beat Flat LED Pendant

A part of the [Tom Dixon Beat Collection](#) the Beat Flat LED Pendant updates the design with an integrated LED light source. The lampshade is crafted from spun brass, with a black exterior and a brass interior which provides a warm glow. The pendant lamp boasts curved and clean lines, with a contemporary aesthetic that is eye-catching and a beautiful addition to contemporary spaces.

The Beat Flat LED Pendant projects a soft and functional downlight that is best used over surfaces, such as kitchen islands and dining tables. Use this pendant alone to create a cosy corner of lighting or in linear rows or clusters to form a more dramatic installation. Similarly, the Flat Pendant can be combined with other lighting solutions in the [collection](#) to create a beautiful design scheme throughout your interior.

Please Note: the newer version of the Tom Dixon Beat Flat Pendant offers a replaceable LED component.
