PRODUCT DESCRIPTION

Designer: Luca Nichetto

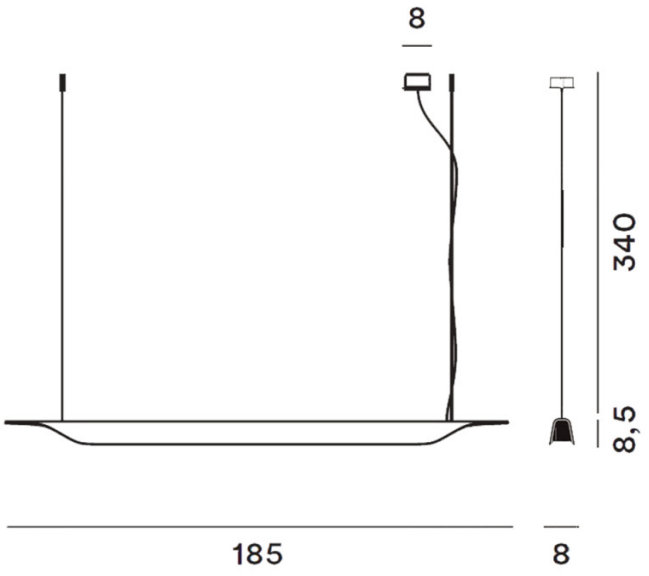

Foscarini Troag LED Suspension Light

An elegant luminaire, the Foscarini Troag Suspension is inspired by a canoe-shaped bowl that is found traditionally in Swedish homes, with the designer Luca Nichetto translating this silhouette into a beautiful focal point in your interior. A distinctive wooden LED suspension lamp, Foscarini Troag is a light and linear form providing an original burst of style and warmth in any setting. It is suitable for both residential and office spaces, it focuses the light on the surface underneath it - making a perfect overhead task light.

Troag is crafted from gorgeous plywood, carved into a clean silhouette, keeping the original colour finish for authenticity. The suspension light also has a PMMA diffuser to conceal the light source and spread the light evenly throughout the room. This pendant light can be used in many spaces thanks to its aesthetic and function, being useful as a main light in small settings or used in multiple for larger settings.

PRODUCT SPECIFICATION

Light Source:	43W, 3000K, 6080 Lumens
