PRODUCT DESCRIPTION

Designer: BIG

Artemide Gople Floor Lamp

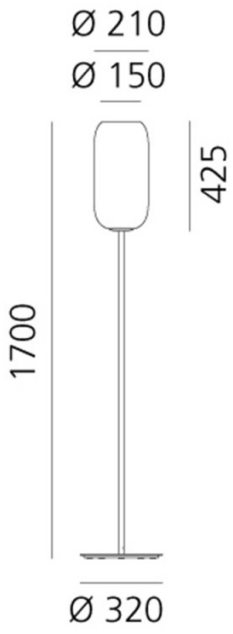

Artemide Gople Floor Lamp brings the characteristic Gople form into a larger format designed by BIG, Bjarke Ingels Group. Its elementary shape pairs a hand-blown glass diffuser with an aluminium structure, creating a soft ambient light that can sit comfortably within both contemporary and more decorative interiors.

The white version is made following an age-old Venetian technique that fuses white glass with crystal during blowing, making each piece unique. Blue, copper, bronze and silver versions use an innovative and sustainable PVD metal vacuum deposition process, which gives the glass its distinctive finish.

Artemide Gople Floor Lamp is available in several finish combinations, including Black with Blue, Bronze or Copper, as well as Silver and White glass options. It works well beside seating areas, in corners of living rooms, or in open interior settings where a gentle diffused glow and a strong decorative presence are both needed.

PRODUCT SPECIFICATION

Light Source:	1 x Max 20W E27 LED (Excluded)
IP Code:	20
Dimming:	In-line dimmer included on cable.
Dimensions:	Shade: Ø21cm Shade Height: 42.5cm Height: 170cm Base: Ø32cm Cable Length: 180cm
