PRODUCT DESCRIPTION

Designer: Jasper Morrison

Flos Glo-Ball Pendant Light

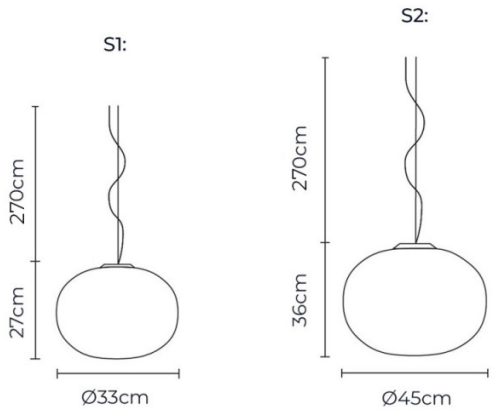

Designed by Jasper Morrison, the Flos Glo-Ball Pendant boasts a white spherical diffuser that is crafted from opaline glass and makes the luminaire look as if it floats within the room when switched on. The diffused lighting output is projected out into your space and provides a glare-free, warm glow.

Available in two sizes (the S1 and S2), the Glo-Ball Pendant can stand gracefully above your dining table or in your living room, adding that finishing touch to your modern decor. They are also a perfect choice for displaying in clusters of the same or varying sizes. To enhance your Glo-Ball cluster, the pendant is also available in a **Mini Pendant**. The Glo-Ball pendant lights are also a superb choice for residential homes and hospitality environments, including bars, restaurants or coffee shops.

A compatible Flos bulb can be purchased separately. Please check individual bulb pages for product compatibility.
