## PRODUCT DESCRIPTION

**Designer:** Ferruccio Laviani

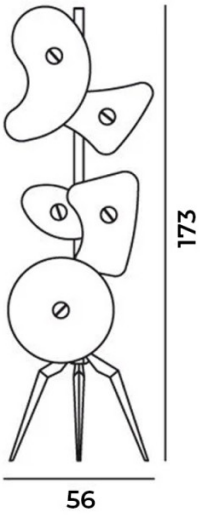

### Foscarini Orbital Floor Lamp

The Orbital floor lamp was designed by Ferruccio Laviani in 1992 and still remains an innovative and current design. The floor lamp is made with a metal frame which holds five unique glass diffusers that have their own shape and character. The design is artistic and graphic, evoking images of a mosaic or abstract piece.

The Orbital floor light is available in 2 versions, a multi-coloured or white finish, where you can opt for a more vibrant or subtle choice for your interior. The glass diffusers produce a soft glow that will spread well throughout the room, creating a warm and cosy atmosphere. Make a statement with this floor light with its one-of-a-kind and vivid aesthetic, perfect for many different types of settings! The Orbital Floor Lamp can also be paired with the modular Bit Wall Light which allows you to make your own creation in an artistic and functional way.

## PRODUCT SPECIFICATION

| | |
|---|---|
| **Light Source:** | 5 x Max 40W E14 (excluded) |
| **IP Code:** | 20 |
| **Dimming:** | In-line on/off included on cable. |
| **Dimensions:** | Ø56cm<br>Height: 173cm<br>Cable Length: 250cm |
