PRODUCT DESCRIPTION

Designer: Michele De Lucchi & Gerhard Reichert

Artemide Logico Suspension 3 In Linea

Artemide Logico Suspension 3 In Linea sets three Logico diffusers side by side, turning the collection's soft, irregular glass form into a longer suspended composition. Michele De Lucchi and Gerhard Reichert keep the shape visually light, even in a linear arrangement, so the fitting reads as one piece rather than a row of separate shades.

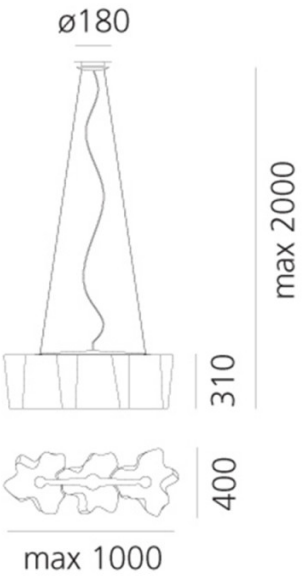

The modular character of Logico suits this format especially well, as the composition naturally follows the proportions of longer settings. In Silk, a semi-translucent white glass, the diffused and direct emission gives the light a calmer presence while still bringing illumination down onto the surface below.

Most suited to dining tables, kitchen islands, and other longer interior settings where a suspended composition needs to follow the line of the space.

Please note, this product is also available in a Fumè finish and as a smaller Mini version. Contact us for pricing and information.

PRODUCT SPECIFICATION

Light Source:	3 x Max 12W E27 LED Dimmable (Excluded)
IP Code:	20
Dimming:	Dimmable via mains phase dimming.
Dimensions:	Height: 31cm Width: 40cm Length: 100cm Canopy: Ø18cm Cable Length: 200cm
