## Artemide

### Artemide Tizio 35 Table Lamp

Artemide's Tizio was designed in 1972 by Richard Sapper. An award winning collection, the Tizio was one of the first table lights to incorporate a halogen lamp, and because of its unique design, no cables are required - the low voltage current is simply carried along the conducting arms of Tizio itself. The counterbalance system ensures that Tizio is always in balance, and can be set in almost any position.

The Artemide Tizio 35 Table Lamp is the medium sized version of the original, ideal for when space is at a premium. The Tizio comes in a black finish with adjustable counterbalanced arms and head in painted aluminium. The Tizio gives direct adjustable light with two light levels. The [Tizio Collection](#) includes a floor stand to make your Tizio Lamp even more adaptable.

Lamp excluded.  
Designer: Richard Sapper  
IP Code: 20

Dimensions:  
Ø 10 cm  
27-100 cm height  
65-90 cm length  
Colour:Black A005014
