PRODUCT DESCRIPTION

Designer: Michele De Lucchi & Giancarlo Fassina

Artemide Tolomeo Pinza Clip-on Light

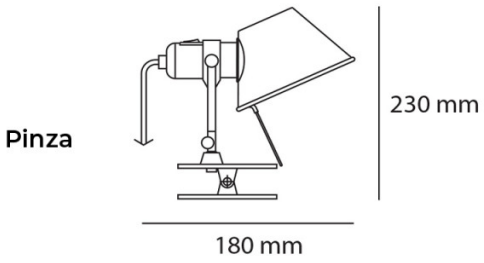

Artemide Tolomeo Pinza Clip-on Light takes the iconic head of the Tolomeo lamp and turns it into an instrument of light that can be fixed anywhere, thanks to a practical clip. Designed by Michele De Lucchi and Giancarlo Fassina, it carries the same identity that made Tolomeo an icon of Italian design, but in a format that feels more immediate and easy to move around the home or workspace.

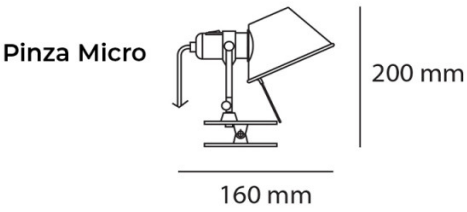

The clipped format is what defines this version. Rather than using a base, the lamp can be fixed onto shelves, bookcases, tables, and similar surfaces, making it especially useful where space is limited or a temporary light position is needed. The standard Pinza is available in Aluminium, while the Tolomeo Pinza Micro is offered in Aluminium, Blue, Orange, and Red.

Artemide Tolomeo Pinza Clip-on Light is available in two sizes: Pinza and Pinza Micro. The Micro version is more compact and uses the smaller E14 fitting, while the standard version uses E27 and has a slightly larger presence, but both keep the same practical clipped construction. Best suited for shelves, bedside settings, desks, reading corners, and other compact interiors where a Clip-on Light can provide an adjustable task or reading light without taking up surface space.

PRODUCT SPECIFICATION

Light Source:	**Pinza:** 1 x Max 12W E27 (Excluded) **Pinza Micro:** 1 x Max 6W E14 (Excluded)
IP Code:	20
Dimming:	**Pinza:** Integrated on/off switch on the product. **Pinza Micro:** In-line on/off switch included on cable.
Dimensions:	**Pinza:** Height: 23cm Depth: 18cm **Pinza Micro:** Height: 20cm Depth: 16cm
