FOSCARINI

Twiggy Floor Lamp by Foscarini

The Twiggy floor lamp is a vibrant yet sophisticated choice, comprised of a slender fishing rod like frame which acts to suspend the shade and light emission away from its origin, making it the perfect choice for living space. The floor lamp comes with two weights which can be used to discreetly vary the height of the stem and shade by around 20cm varying how concentrated the light emission is.

The natural, linear aspect fuses perfectly with five different dynamic colour finishes: white, black, graphite, greige (a mix of grey and beige) and crimson. Match with other lights from the [Foscarini Twiggy Collection](#) which includes pendants, table lamps and an XL version of the floor lamp.

An additional stem set is available for the Foscarini Twiggy Floor light to expand the length of the arching arm. Please see the specification image for more information; the left drawing shows the Twiggy light with two additional stem sets and the right drawing shows the Twiggy light with one additional stem set. Please [contact us](#) for further information.

Designer: Marc Sadler

IP Code: 20

Dimming: In line dimmer included on cable

Dimensions:

Ø46cm shade

29cm shade height

Ø60cm base

170cm reach without additional stems

211cm-223cm height without additional stems
