PRODUCT DESCRIPTION

Designer: Michele De Lucchi & Huub Ubbens

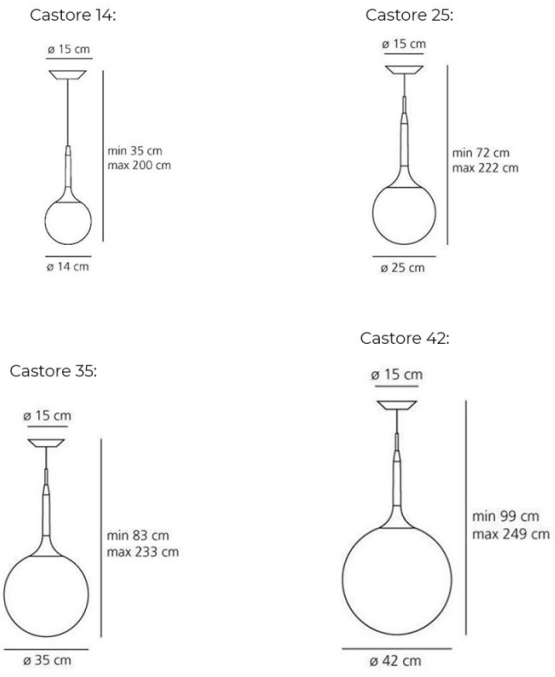

Artemide Castore Suspension

Designed by Michelle de Lucchi and Huub Ubbens for Artemide, the Castore Pendant Lights are distinguished for their clean design. The tapering stem of these luminaires transitions smoothly onto the blown glass diffuser, resulting in a minimalistic silhouette. Available in four sizes, each Artemide Castore Pendant can be installed independently or in multiples to create larger, more dramatic clusters. Each size of Castore is easily dimmable via mains phase dimming when used with a dimmable light source.

Artemide Castore has become a classic design for the brand and was the winner of the Red Dot Design Award, the Compasso d'Oro/A.D.I. Segnalazione and the Design Plus, light + building award in 2004. The Castore Suspension Lights can adapt to any interior, whether residential, in hospitality, or for commercial use, and they add an elegant, even light distribution to your environment. The Castore collection also includes a **floor lamp**, available in one size, and a **table lamp**, in three sizes to choose from.
