PRODUCT DESCRIPTION

Designer: Michele De Lucchi & Giancarlo Fassina

Tolomeo Faretto Wall Light by Artemide

A part of the iconic [Artemide Tolomeo collection](#), the Tolomeo wall light matches a classic silhouette with a modern finish to produce a light that is functional and stylish. This wall light has an adjustable shade, allowing you to direct the light where needed. The light is also nicely diffused, producing a warm glow that is perfect for creating a welcoming atmosphere in the room.

The Tolomeo wall lamp can be used in many environments, whether you want to line the walls in your hallway, have a bedside light useful for reading or a spotlight over a kitchen worktop. The aluminium finish makes this wall lamp universal and versatile and the choice of two sizes means you can find the right fit for your space, whether large or small. You can also choose whether you want a light with a switch on the body or a hard-wired version without a switch.
