PRODUCT DESCRIPTION

Designer: Marc Sadler

Foscarini Tress Floor Lamp

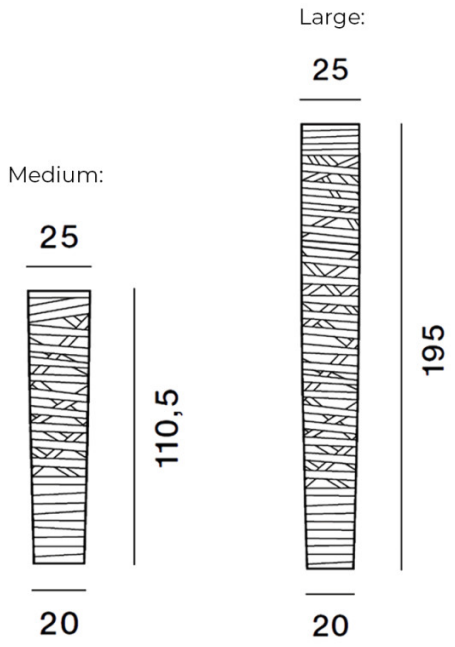

The Foscarini Tress Floor Lamp boasts a natural and random personality, with a criss-cross pattern decorating the shade. Conceived by Marc Sadler, he collaborated with Foscarini to develop a new technology using the combination of fibreglass and resin tape to create a style characterised by its woven and casual aesthetic.

The Tress Floor Light emits an overall even illumination that escapes through the holes and out of the top, providing a warm and effective glow. This floor lamp is available in 3 colours, white, black and greige (a mixture of grey and beige) and in 2 sizes, medium or large so you can find the right match for your space. Use in bedrooms, lounges, receptions and dining rooms to have a stylish and chic lamp that will light up the room.

The Tress Floor Lamp is also available with an integrated LED light source. Please contact us for more information and pricing.
