PRODUCT DESCRIPTION

Designer: Rodolfo Dordoni

Flos Ray Table Lamp

The Flos Ray Table Lamp by designer Rodolfo Dordoni was designed in 2006. Dordoni's inspiration came from a lighthouse, which is clearly reflected in the silhouette of the lamp and its tripod base. The structure of the Flos Ray consists of a die-cast, polished, chrome-plated zamak alloy shade supported by a welded steel tube base, reminiscent of a pylon.

Available with a white or black shade in aluminium, or a hand-blown glass shade, the Flos Ray Table Lamp provides a soft ambient glow which escapes through the top and bottom of the drum shade, and can be adjusted to suit with the dimmer switch included on the cable. Ray suits a number of interior environments, including additional ambient lighting in a living room or bedroom, or as a reading light at a bedside or in a study.

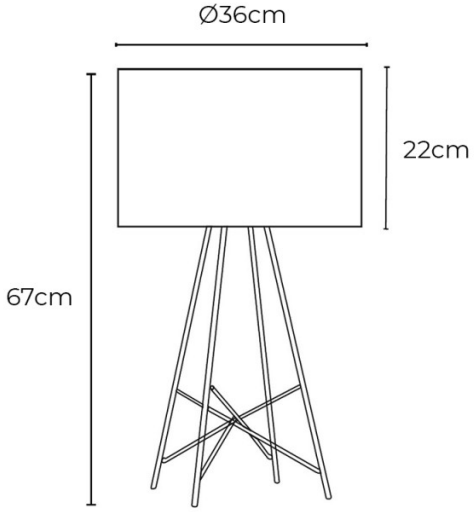

PRODUCT SPECIFICATION

Light Source: 1 x Max 11.5W E27 LED (excluded)

IP Code: 20

Dimming: In-line dimmer included on cable.

Dimensions: Shade: Ø36cm
Shade Height: 22cm
Height: 67cm
Cable Length: 185cm
