PRODUCT DESCRIPTION

Designer: Johanna Grawunder

Flos Wan Pendant

The Flos Wan Pendant is named after the Japanese word for “bowl”, which is reflected in the curved shape of the Wan pendant light. Providing a sophisticated and contemporary aesthetic to your interior, Johanna Grawunder designed the Wan pendant in 2006, with the aim of it being used in multiples, and with the rest of the **Wan collection** for general illumination.

Available in two colour finishes, black and white, the Flos Wan Pendant Light comes complete with a low glare shield, meaning it provides focused and direct downlighting, which remains glare-free. This pendant light works well used in multiples over a breakfast bar or dining table, or alternatively can be used singularly to highlight architectural features of a room or your favourite reading spot.

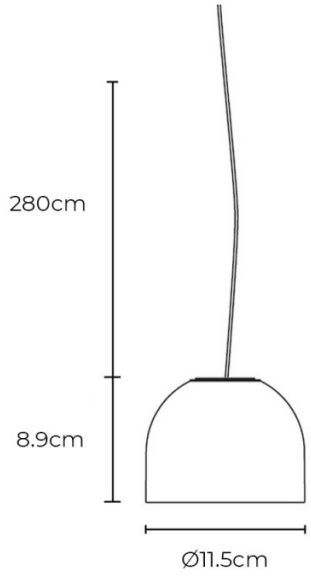

PRODUCT SPECIFICATION

Light Source: 1 x Max 40W G9 (excluded)
