PRODUCT DESCRIPTION

Designer: Matteo Thun

Artemide Choose Suspension

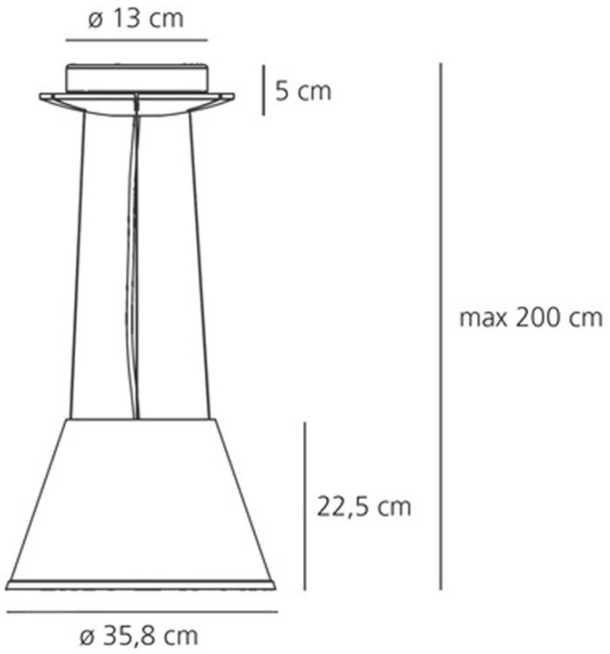

The Artemide Choose Suspension, which also includes a wall light , a table lamp, a floor lamp and a mega floor lamp, was designed by Matteo Thun and is a modern take on the classic abat-jour. This classic luminaire harnesses a transparent polycarbonate shade that envelopes a paper insert, available in either parchment or white. The pendant light emits a diffused and direct downlight.

The inner light source is dimmable via mains phase dimming when used with a dimmable light source, and the shape of the shade helps to guide the illumination down onto the surface below. For this reason, the Artemide Choose Suspension is an excellent choice for dining areas, living rooms, bedrooms and even kitchens. It can be used independently or alongside other designs in the collection.

Please Note: The Artemide Choose Suspension is supplied with a grey suspension kit and ceiling rose.
