Flos Snoopy Table Lamp

Inspired by the profile of Charlie Brown’s dog of the same name, the Flos Snoopy Table Lamp has a friendly expression and instantly recognisable silhouette. Designed in 1967 by Achille & Pier Giacomo Castiglioni, the Snoopy Table Lamp features a curved enamelled metal reflector contrasted with an angled white Carrara marble base, providing a diffused illumination and an elegant aesthetic. It is available in four colour finishes: orange, black, green, or blue and offers ambient downlighting that can adapt to almost any interior.

Full of personality, the Flos Snoopy is one of the brand's bestsellers, and is perfect to utilise on a nightstand, desk or sideboard. The table light is a classic of modern design and features an integral touch dimmer that allows you to further personalise the lighting output. A beautiful addition to contemporary spaces, adding a combination of sophisticated and playful design to your environment.
