PRODUCT DESCRIPTION

Designer: Philippe Starck & Eugeni Quitllet

Flos KTribe Wall Light

A timeless design, the Flos KTribe Wall Light bears Philippe Starck's signature look and aesthetic. An extension of the floor, table and pendant light versions, the iconic KTribe is now available in a wall-mounted version, to add a stylish and contemporary touch to your space. This wall light is distinguished by its contrasting metal structure and PMMA or fabric lampshade. The shade is made from two diffusers: an inner one that holds the light bulb to create a warm glow and an outer one that spreads the light far.

The KTribe Wall Light can be used in many settings and is best utilised to line your hallways/corridors, in lounges, bedrooms and reception rooms. The lamp arm moves from left to right, which is ideal when used in situations such as above a bedside table. The versatility and style of this wall lamp make it perfect in both domestic and commercial settings and will be a stunning and modern embellishment in the room.
