Foscarini Lumiere XXL Table Lamp

19 years after the release of the iconic Lumiere Table Lamp, designer Rodolfo Dordoni and Foscarini have reinterpreted the light to bring the Lumiere XXL Table Lamp. With sleek, clean lines, the metal base has lovely angled legs paired with a chic glass lampshade, updating the previous Lumiere design.

The Lumiere XXL Table Light can be used in many settings as it produces a gorgeous, warm glow that will fill the room. The glass diffuses the light and the inside of the lampshade is white to reflect the light softly. The table lamp also comes with a dimmer switch so you can create just the right cosy atmosphere. The XXL Table Lamp is available in a smaller size, the XXS Table Lamp, and with the choice of 2 base colours, aluminium or black chrome and 2 shade colours, white or cool grey - so you can find the right finish to match your interior.
