PRODUCT DESCRIPTION

Designer: Marc Sadler

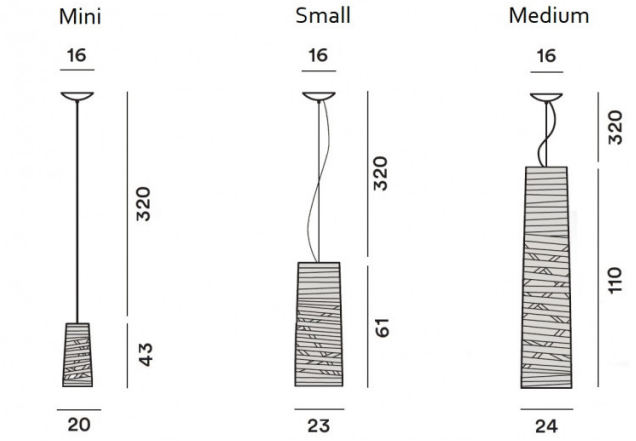

Foscarini Tress Pendant Light

The Tress Pendant Light was designed by Marc Sadler in collaboration with Foscarini, for the design they have made a new material that combines resin tape and fibreglass. This material creates a criss-cross pattern to produce a hand-crafted, woven look. Both eye-catching and unique, the Foscarini Tress Pendant comes in three colours, black, white or greige (a combination of grey and beige) and three sizes, mini, small and medium.

The Tress Pendant is perfect for use in kitchens, dining rooms and lounges and works best over tables and surfaces thanks to its downward-directed light. You can use it alone for smaller spaces or you can use it in rows or clusters for a bigger illumination and to create a light feature. Match with others from the Foscarini Tress Collection to create a consistent lighting scheme throughout your interior.

PRODUCT SPECIFICATION

Light Source:	**Mini**: 1 x Max 75W GU10 PAR 20 (excluded) **Small and Medium**: 1 x Max 100W E27 PAR 30 (excluded)
