Foscarini Allegretto Vivace Pendant Light

The Allegretto Vivace pendant light is part of the Foscarini Allegretto collection, an intriguing range that adapts the Foscarini Allegro collection to a smaller scale. The lampshade is made from aluminium rods which are shaped into an angular and geometric shape to create an eye-catching and innovative aesthetic. The shade holds two lightbulbs, an upper light that is indirect and a direct downward light. The lampshade also diffuses the light in an interesting way to create a soft, glare-free glow.

The Allegretto Vivace pendant is perfect for use hanging over tables and surfaces, producing a spotlight that will illuminate the space. Useful in smaller rooms, this pendant light can be used in a variety of interiors in both domestic and contract settings. You can buy one for a small area or buy several to put in rows or a cluster. Also, match with other lights from the collections to create a beautiful and contemporary light feature.

PRODUCT SPECIFICATION

Light Source:	2 x Max 10W E27 Par 30 (excluded)
