PRODUCT DESCRIPTION

Designer: Atelier Oi

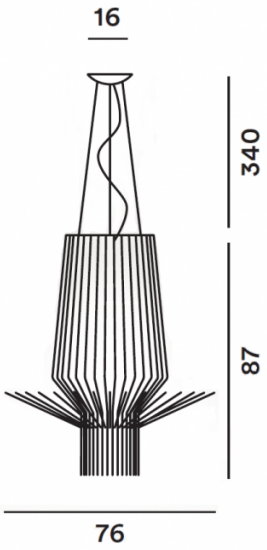

Foscarini Allegretto Assai Pendant Light

Designed by Atelier Oi, the Allegretto Assai pendant is made from aluminium rods, drawn and shaped to create a geometric and playful lampshade. The intriguing shade diffuses the light and has two light sockets for an upward and downward lightbulb. This produces an indirect and direct light, making this pendant perfect for hanging over tables and surfaces and for creating a warm atmosphere.

The Allegretto Assai pendant light is the smaller version of the **Allegro Assai pendant,** designed so users can have this beautiful pendant for smaller spaces. Wonderful for lounges, kitchens and dining areas, you can mix and match this light with other pendants from the **Foscarini Allegro & Allegretto Collection.** Put into rows or a cluster to create a magnificent light feature either at home or for a public space.
