PRODUCT DESCRIPTION

Designer: Ferruccio Laviani

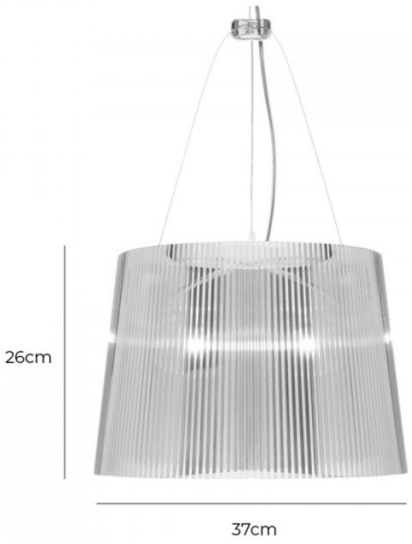

Kartell Ge' Pendant

Designed by Ferruccio Laviani, the Kartell Gè Pendant draws inspiration from old Venetian chandeliers. The shade is crafted entirely from polycarbonate and is available in a variety of finishes, offering numerous style options. Kartell separates the Gè Pendant into two categories, one with transparent and soft colours. The other is solid black or white with gold details or a chrome version.

The Kartell Gè Pendant Light can be hung above a dining table, in the kitchen area or the bedroom. For further personalisation, you can adjust the height of the pendant from 45 to 230cm. Although impressive and vibrant on its own, the Gè can be combined in multiples to mix and match colours, and you can create your very own cluster. The prismatic effect from the polycarbonate shade creates hundreds of beautiful reflections. This suspension falls under Kartell's sustainability category as part of Kartell Loves the Planet. It is made of polycarbonate 2.0 from transparent or mass-dyed renewable raw material.

PRODUCT SPECIFICATION

Light Source:	1 x Max 12W E27 Globo LED (Included)
IP Code:	20
Dimming:	Dimmable via mains phase dimming.
Dimensions:	Shade: Ø37cm Height: 26cm Cable Length: 45-230cm
