PRODUCT DESCRIPTION

Designer: Piero Lissoni

Flos Button Mini Ceiling / Wall Light

The Flos Button Mini Ceiling/Wall Light was designed by Piero Lissoni in 2005 and is a versatile lighting solution for a variety of settings. Perfectly minimalistic, the wall/ceiling light's aesthetic is guided by creating more from less, appearing uncomplicated while performing a versatile function. The IP40 rating makes the Flos Mini Button perfect for bathrooms, offering a direct yet diffused illumination that can be dimmed to further personalise the ambience.

The Button Mini wall/ceiling lamp is available in opal glass, offering a neutral finish and allowing the lighting solution to suit a range of styles and interiors. Display the Button Mini individually for cosy corners, in multiples for longer corridors, or either side of a vanity in your bathroom. The Button is also available with a [larger silhouette](#) for more extensive spaces.
