PRODUCT DESCRIPTION

Designer: Ferruccio Laviani

Kartell E Wall Light

The Kartell E Wall Light was designed by Ferruccio Laviani as part of the **E Collection** for Kartell. A simple wall light with just the essential lines and shapes, the lampshade is made of polycarbonate 2.0 from transparent or mass-dyed renewable raw material as part of Kartell Loves the Planet, their sustainability initiative. This luminaire also boasts an 11cm chrome steel arm and rosette for a contemporary touch.

This Wall Light is available in transparent colours of crystal, rose yellow, light blue and green and in matte solid white or black. It is very versatile and can be used as either a cosy lighting option or can be mixed and matched with the **E Pendant** to create a colourful and dynamic touch for your room.
