The Bourgie lamp designed by Ferruccio Laviani by Kartell has an inimitable style. It skilfully combines classic style, tradition and richness with innovation and modern materials. The revolutionary lamp is composed of three unique interconnecting baroque style layers, making it possible to adjust the height of the lamp from 68cm to 73cm with a maximum of 78cm. Kartell Bourgie therefore becomes a practical desk or table lamp without losing any of its decorative impact.

The combination of traditional baroque design and modern polycarbonate materials makes the Bourgie an ideal table lamp for use in both traditional and modern interiors. Its classic silhouette is given a truly contemporary edge and after the success of the original colour release of the Bourgie, Kartell have now introduced an exciting new colour range including fuchsia, blue and the ever popular copper.

Flaunt your eclectic nature with the Bourgie Lamp with its pleated effect shades which create a myriad of reflections when turned on, whether used on a side-table in the living room, to create atmosphere on your nightstand, as a standing sculpture or for reading.

The white/gold and crystal finishes are a part of Kartell's sustainability initiative Kartell Loves the Planet. They are made from renewable transparent feedstock, mass-dyed or metallic.
