PRODUCT DESCRIPTION

Designer: Jasper Morrison

Flos Glo-Ball Ceiling Light

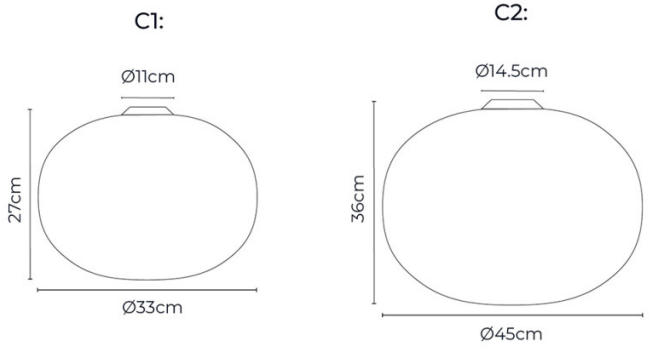

Part of the **Glo-Ball Collection**, the Flos Glo-Ball Ceiling Light is available in two sizes, the smaller **C1** and larger **C2**. Made of an opaline glass diffuser and a fibreglass base, the ceiling light is installed flat onto your ceiling, and provides a diffused and warm glow in your space, illuminating everything around it whilst avoiding any glare.

The Glo-Ball ceiling lamp, designed by Jasper Morrison, is a modern classic. The simplicity of its design gives the light a timeless quality. Its minimalistic design makes it truly versatile in its application, as it easily integrates into different interior styles and rooms. This ceiling light can be used independently or alongside other designs from the range, including the **Glo-Ball Zero Ceiling/Wall Light** and the **Glo-Ball Mini Ceiling/Wall Light**.

A compatible Flos bulb can be purchased separately. Please check individual bulb pages for product compatibility.
