PRODUCT DESCRIPTION

Designer: Philippe Starck & Eugeni Quitllet

Miss K Table Lamp by Flos

A contemporary light, the Miss K table lamp was designed by Philippe Starck for Flos. The Miss K is a modern work of light art, made with two diffusers, an internal and coloured external one. The inner diffuser creates a warm, evenly-spread glow which creates a welcoming and inviting atmosphere. The table lamp also comes with a dimmer in the switch so you can create the perfect ambience.

The Miss K table light can be used as a bedside light or a table lamp in your living room, office or dining space. The modern design and shape of this table light adds to its beauty and will be a unique piece of lighting for your interior. You can also match this light with others from the [Flos KTribe collection](#) to create a room filled with Philippe Starck's innovative light designs.
