## PRODUCT DESCRIPTION

**Designer:** Verner Panton

### Verpan Fun 1WM Wall Light

The Verpan Fun 1WM Wall Light is characterised by its mother-of-pearl shade. Seashell discs cascade from a three-ring metal frame, connected by small stainless-steel rings. Designer Verner Panton created the Fun Collection in 1964, and it has since sparked joy and a wealth of stories in interiors worldwide.

Fun 1WM Wall Light combines form, light, and sound to create depth and a sense of life. When moved, the discs create a gentle chiming, adding a touch of tranquillity and a sculptural presence, even when not in use. When switched on, the lamp offers a glare-free and ambient glow that suits living areas, bedrooms, and dining areas. Install individually, in pairs to frame a doorway, or in multiples lining a hallway, for an elegant addition to any interior. Display with other pieces from the Fun Collection for a balanced display that celebrates one of Verner Panton's greatest masterpieces.

**The Verpan Fun 1WM Wall Light is supplied with a cable and plug, so it needs to be installed near a socket. Alternatively, it can be hard-wired into the wall by a qualified electrician.**

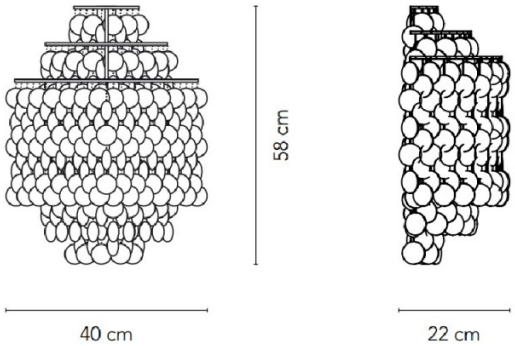

## PRODUCT SPECIFICATION

**Light Source:** 1 x Max 60W E27 (Excluded)

**IP Code:** 20

**Dimming:** In-line on/off switch included on cable.

**Dimensions:** Ø40cm
Height: 58cm
Depth: 22cm
Cable Length: 220cm
