PRODUCT DESCRIPTION

Designer: Verner Panton

Verpan Fun 1STM Floor Lamp

The Fun 1STM Floor Lamp is part of Verner Panton's **Fun Collection**, created in 1964. Often regarded as one of Panton's greatest masterpieces, the collection combines mother-of-pearl with a chrome or brass frame. The seashell discs cascade from the frame, suspended by intricate metal rings to create a decorative appearance, even when not in use. When moved, the discs emit a soft chiming sound which complements the lamp's delicate aesthetic while creating a sense of tranquillity.

When switched on, the shade diffuses light into a soft and ambient glow, perfect for adding a welcoming ambience to bedrooms and living areas. In commercial spaces, the Fun 1STM Floor Lamp suits classic bars and boutiques, adding a touch of elegance and sophistication. Display with other pieces from the Fun Collection for a balanced display, designed to kindle joy and a wealth of stories.
